

November 24, 2020

TO: Park Board Chair and Commissioners  
FROM: General Manager – Vancouver Board of Parks and Recreation  
SUBJECT: 2021 Fees and Charges - Parks and Recreation

---

## RECOMMENDATION

THAT the Vancouver Park Board approve changes to the 2021 Fees and Charges, as summarized in the body of this report and detailed in Appendix A.

## REPORT SUMMARY

It is Park Board policy that fees and charges for Park Board services are established on a cost recovery basis for core parks and recreational services, while remaining comparable to other municipalities and private providers. For services considered to be outside of the core service areas, fees and charges are set close to market to enable the Park Board to generate revenues to subsidize costs across other service areas.

For 2021, the baseline proposed fee increase required to support increasing costs has been determined to be 2%; fee increases that are higher than that general 2% are discussed in the body of the report. Full details of all fees and charges are detailed in Appendix A.

The proposed changes for the 2021 Fees and Charges are consistent with Park Board policy and reflect a careful consideration of market and customer impacts, including a focus on affordability. Revenue generated by the proposed fee increases in this report have been incorporated into the proposed 2021 Operating Budget and contribute between approximately \$700,000 - \$900,000 toward covering the impacts of estimated cost increases.

## POLICY

The Park Board policy on user fees & charges was most recently [updated](#) as part of the [2019 Fees & Charges Board report](#) and is summarized as follows:

- User fees and charges will be levied to recover all or a portion of overall operating costs.
- All fees and charges will be adjusted to accommodate changes in the marketplace and in operating and maintenance costs.
- The General Manager will have the authority to waive or reduce fees and alter fees for services for promotion purposes and to quickly establish fees for experimental services.
- Fees may be revised for people with accessibility issues and their attendants, families, groups, frequent users, low priority times, promotions and marketing strategies.
- Each ice rink and indoor pool will include at least four hours of low-cost public sessions each week.

- Leisure Access Program (LAP) participants receive free access to public swimming and skating, and a reduction at Park Board operated fitness centres. Reductions are available for Flexipasses, swim lessons and skate lessons as well as a minimum of one recreation program per community centre per season at participating centres.
- Unless otherwise specified, fees are defined for age-based and family categories as follows:
  - Pre-school: 4 years of age and under
  - Child: 5 to 12 years inclusive
  - Youth: 13 to 18 years inclusive
  - Adult: 19 to 64 years inclusive
  - Seniors: 65 years and up
  - Family: 1-2 adults of the same household and their children.
- Where noted, to encourage family participation, family pricing is available; each person in the family pays the child rate, subject to a two-person minimum.
- An age-based fee structure will be maintained that provides the following general discounts from adult fees for recreation services:
  - Youth and Senior: 30% discount
  - Child: 50% discount

## BACKGROUND

As detailed in the [Vancouver Charter](#) under section 488, subsections (6), (7) & (8) and section 490, the Park Board has exclusive jurisdiction over fees and rental charges in parks within the City of Vancouver.

In recent years, the Park Board has approved fees and charges prior to the start of the calendar year and in conjunction with the proposed annual operating budget submission to Vancouver City Council. Advance approval of Fees & Charges provides users with notice of expected fees and ensures the revenue estimates included as part of the annual operating budget submission incorporate planned changes to the Park Board's fee structures and rates.

As part of the City's engagement process for the 2021 budget, residents and businesses were asked their preferred approach to be taken by the City to balance its budget. Respondents were open to a variety of tools and, on average, the measures that residents and businesses supported the most are as follows:

- **Increase user fees** for City services that currently have fees (51% on average)
- Postpone **infrastructure projects** e.g. new amenities or major repairs (52%)
- Introduce **new user fees** for some City services that currently have no fees (47%)

Respondents were asked specifically about their support for increasing user fees for services they or their business use. As illustrated in Figure 1 below, over two-thirds (68%) of residents and businesses surveyed are willing to pay more in user fees. Businesses are somewhat more willing this year to pay these fees (67% vs. 61%), while residents remain the same (69% vs. 71%).

**Figure 1: 2021 Budget Engagement Survey Results**

## DISCUSSION

In preparing the recommended 2021 Fees and Charges, staff reviewed comparative market rates, considered effects of proposed fees on customers, and integrated implications from proposed fee changes into the proposed 2021 Parks and Recreation Operating Budget.

As described in the Park Board Fees and Charges Policy, a fundamental rationale for adjusting fees and charges is to ensure a reasonable recovery of associated operating costs. Given the projected reduction in revenue generated by the Park Board (~\$20 million), approximately 32% of the Park Board's proposed 2021 operating budget is funded by fees and charges compared to 47% in 2020.

As operating costs increase, similar increases to fees and charges are required to help maintain the high level of services provided by the Park Board. Increases in costs are primarily the result of wage increases including fringe benefits. In addition, many service areas will be affected by inflationary increases for supplies, materials and contracted services. To help offset these rising costs while maintaining high service levels, an increase of 2% to most fees and charges, as well as some higher increases in specific areas have formed the baseline for the proposed increases detailed in Appendix A and summarized in Table 1 below. Given the level of uncertainty with respect to our 2021 volumes and associated revenues, ranges of expected revenues are provided.

**Table 1: Proposed 2021 Fees & Charges**

Area	Proposed Rate Increase (Pre-Tax)	Revenue to Park Board
<b>Parking – Existing</b>	Various	\$225,000 - \$300,000
<b>Parking – Queen Elizabeth Park (New)</b>	-	\$100,000 - \$130,000
<b>Park Board Recreation Fees</b> Fees have been reviewed and increases are proposed in the ranges noted below; however, due to COVID-19 related requirements for registration and reduced facility capacity, predicting the revenue generated by any one fee increase is challenging.		\$180,000 - \$220,000
<b>Recreation Admissions &amp; Passes</b>	Most fees 2%	
<b>Park Board Recreation Lessons and Programs</b>	Most fees 2%	
<b>Park Board Recreation Rentals - Indoors</b>	Most fees 2%	
<b>Park Board Recreation Rentals - Outdoors</b>	Most fees 4%	
<b>Regulation Golf and Pitch &amp; Putt</b>	2%	\$160,000 - \$180,000
<b>Marinas</b>	2%	\$60,000 - \$70,000
<b>Destination Attraction Admissions and Event &amp; General Permits</b>	Most fees 2%	\$20,000 - \$40,000
<b>Total</b>		<b>\$745,000 - \$940,000</b>

The following section provides a brief description of the proposed fee adjustments by program area.

## **Parking**

### **Overview**

Paid parking is in place at a number of parks and community centres around the City and revenues generated are used to subsidize other program areas and services in parks and recreation. For 2020, parking revenue was budgeted at \$8 million; however due to COVID, there were lot closures in March as part of our efforts to support physical distancing, reduce crowding at destination parks & beaches, and encourage use of neighbourhood parks. The lots were reopened in May, but have been below capacity as we operate in a pandemic environment. As restrictions on gatherings and events continue to be in place, parking revenue budget for 2021 has been reduced to \$7 million.

### **Pricing Considerations**

Efficient parking pricing provides numerous benefits including improved user convenience by ensuring parking spaces turnover, limited use of parking stalls for non-Park Board activities, and increased revenues. Parking rates are determined based on a scan of competitive lots and meter rates in the relevant areas, with consideration given to affordability of parks and recreation users. For 2021, there is an opportunity to increase some parking rates by higher percentages given the factors just mentioned, and that improvement in parking revenues further help support the Parks and Recreation system including Park Maintenance.

### ***Parking at Queen Elizabeth Park***

Currently Queen Elizabeth Park offers free and paid parking on site. Staff recommend implementing pay parking at the free lot. The site in question is located by the Pitch & Putt course and tennis courts. This parking lot is being occupied by park users, visitors to neighboring areas and construction crew on developments in the vicinity. By implementing paid parking, the lot would be consistent with other paid lots in the park and will help to deter traffic that is not using it for its intended purpose.

After initial set up cost of two meters (~\$15,000), the projected annual revenue from this lot is estimated to be \$100,000 to \$130,000.

### ***Veterans Parking***

City Council made a recent decision to offer veterans year-round free parking at City of Vancouver parking meters, which included a request for the Easy Park Board and Park Board to consider similar actions at their pay parking sites.

The Park Board has no specific policy established regarding offering free parking to veterans, however in order to highlight and recognize their service to Canada it has been the practice to exempt those displaying a veteran licence plate from paying for parking at Park Board managed lots during the week leading up to and including Remembrance Day.

The Easy Park Board has approved offering year-round free parking to veterans at the City of Vancouver parking lots they manage, and grant free year-round meter parking to vehicles displaying a BC veteran licence plate.

The Park Board's VanPlay Framework puts an emphasis on equity in service provision. In order to reflect that the Park Board's policy is one of equity and ability to pay, while also aligning with the recent Council decision to limit confusion between parking lots managed by the City and the Park Board, staff recommend that veterans paid parking be optional for the same term as the City's pilot project. Veterans can support the Parks and Recreation system by paying for parking however Veterans who choose not to pay and display a Veterans license plate will not be ticketed.

### **Notable 2021 Rate Changes**

A review of the market indicated that we are lower than our competitors' lots. To better align these rates, but still maintain affordability for park and recreation users, rate increases are proposed as follows

**Table 2: Proposed Parking Rate Increases**

Area	Proposed Rate Increase (Post-Tax)
Hourly	\$0.00 - \$0.25 (0% to 17%)
Daily	\$0.00 - \$2.40 (0% to 12%)
Monthly, Annual and Seasonal	\$10 - \$44.23 (2% to 25%)

Parking rates are shown inclusive of relevant taxes. Details of proposed prices are included in Appendix A.

## **Marinas**

### **Overview**

The Park Board operates two marinas: Burrard Civic Marina and Heather Civic Marina. Heather Civic Marina is operated by the Park Board on behalf of the Property Endowment Fund (PEF), with any net surplus from operations being transferred to the PEF; the Park Board does not retain any financial benefit from this operation. Marina operations in total generate roughly \$3.6 million from user fees.

### **Notable 2021 Rate Changes**

In 2019, Park Board engaged a third party to conduct a rate appraisal which completed earlier in 2020. The appraisal resulted in most rates increasing by 2% effective April 1<sup>st</sup> with exception of land storage which were significantly lower than market. An increase of 7% was implemented on these rates to be comparable to market. For 2021, a rate increase of 2% is proposed for all fee categories.

Details of proposed prices are included in Appendix A.

## Special Events & Film

### Overview

The Park Board hosts special events and filming activities, with parks in constant demand for siting. While the use of park sites for large scale events and filming are welcomed, it is important to balance the use of park locations to minimize public access restrictions.

Previously, special events and filming generated roughly \$1 million in revenue through permit and use fees. These revenues help to offset costs associated with park maintenance. With COVID-19 restrictions on events for 50+ people and social gatherings, revenue expectation for 2021 budget has been adjusted down to \$0.6 million.

### Pricing Considerations

Pricing for special events and filming takes into consideration both the costs to operate and market conditions, with an overall goal of generating a net surplus to help fund other services and events which benefit all parks users.

### Notable 2021 Rate Changes

COVID-19 pandemic has changed the landscape in how and where businesses operate. The Provincial Health Officer's restriction on social gatherings and limit on group size saw the demand for small group event permits and outdoor spaces for activities that would typically be held indoors (ie: fitness/yoga classes). In response to the environment, new fee levels were created in 2020 to accommodate smaller groups. Most 2021 fees are proposed to increase by 2% with exceptions in the following areas.

**Table 3: Proposed Rate Increases for Events & General Permits**

Product	Proposed Rate Increase (Pre-Tax)
Private Events	\$15 - \$124 (5%)
Filming/Photography	\$1 - \$90 (2% - 6%)

A review of permit fees on private events and filming/photography indicate that our rates are below other municipalities. Filming in particular is significantly low compared to filming industry. The activities in these categories are commercial in nature, hence would be able to absorb additional fees. A rate increase of 5% (\$15 to \$124) for private events and 6% (\$1 to \$90) for filming/photography are proposed for 2021.

Details of proposed prices are included in Appendix A.

## Recreation Admissions, Programs and Facilities

### Overview

Recreation Services provides core programs and facilities to support residents and visitors staying active and healthy. In 2020, the Park Board was budgeted to generate over \$20 million from recreation user fees at arenas, aquatic facilities, Park Board run fitness centres, and outdoor sport facilities. However, as many facilities were closed beginning in March 2020 and are currently in

the midst of restarting services, the actual user fee revenue forecast to be earned in 2020 is just over \$10 million.

Recognizing that facility capacities due to COVID-19 restrictions will continue to limit the revenues that can be generated from recreation user fees, the proposed recreation user fee revenue budget for 2021 has been set at \$11 million, with the difference to be made up from increased tax support. In addition to the reduced revenue capacity, the required extra cleaning and line management in recreation facilities is expected to increase staff costs by ~8%. In an effort to reduce the impact of these budget changes on taxes, the recreation budget includes a \$220,000 target increase for revenues from increased user fees, based on applying an average of 2% fee increase to the 2021 budget of \$11 million.

### ***Pricing Considerations***

User fees help to offset the costs of direct staffing (such as instructors), indirect staff (such as programmers and cashiers), as well as facility operating and maintenance costs (such as facility cleaning, heating and cooling costs). Recreation user fees budgeted for in 2021 subsidize roughly 20% of recreation expenditures. Costs not funded through user fees are subsidized through other Park Board revenue sources and via property tax funding.

Due to the changes in facility operations, predicting the contribution of any single fee increase is difficult, but the rates proposed reflect the attempt by staff to address increased costs, facility capacity limits, customer impacts & equity issues.

### ***Notable 2021 Rate Changes***

#### **Recreation Admissions & Passes**

Adult Flexipass and drop-in admission passes are proposed to increase by approximately 2%. This increase will help to offset costs while remaining comparable to other municipalities.

Maple Grove Outdoor Pool drop-in admissions are proposed to increase for the first time since 2018 with adult rates rising from \$3 to \$4 (a 33% increase) & child/youth/senior rates rising from \$2 to \$3 (a 50% increase). It is proposed to increase these rates at \$1 per year until they are synchronized with the standard pool Drop-in admission rates, reflecting that the services received at this pool are similar to all other outdoor pools with the exception of length swimming.

Staff are continuing to align extended term/multiple visit products pricing to a standard discount model when compared to drop-in pricing and 1-month Flexipasses. This pricing structure promotes an extended commitment to recreational activity by users. The proposed 2021 discount methodology and the longer-term targets are outlined below.

**Table 4: Recreation Pass Discounts**

<b>Product</b>	<b>2020 Discount</b>	<b>2021 Discount</b>	<b>Target Discount</b>
10-visit admission pass & Indoor Cycling 10-visit admission passes <i>(discount compared to purchase of 10 drop-ins)</i>	18%	16%	10%
Public Skate Rental 10 tickets & Kerrisdale Play Palace 10-visit pass <i>(discount compared to purchase of 10 one-time fees)</i>	20%	16%	10%

A new Family Swim/Skate Reservation Fee is proposed for 2021 in response to public requests to provide a better option for family reservation booking during COVID-19 occupancy restrictions (software limitations have made it difficult to facilitate these bookings). The proposed \$12.68 pre-tax rate is equivalent to two adult admissions and will allow up to two adults from the same household & three children (aged 5-18) to book a swim or skate reservation for a single time slot. The existing Family Drop-in admission per person rate will still apply for Family Drop-ins not using the advanced reservation process.

Youth, Senior, and Child discounts are applied to noted adult admission rates based on the Park Board age-based fee structure policy: 50% discount for Child, 30% discount for Youth and Senior. Exceptions to this discount policy are noted in Appendix A.

### **Pool, Arena & Outdoor Sport Lessons and Programs**

Lessons and programs at pools and arenas will increase by approximately 2%.

It is proposed to continue the process that began in 2020 of aligning child and youth lesson pricing at pools and arenas. This will mean a 3% increase for child & youth pricing at pools as staff aim to align this product pricing with the Park Board's 30% discount policy. The proposed 2021 discount methodology and the longer-term targets are detailed below.

**Table 5: Child and Youth Swim Discounts**

<b>Product</b>	<b>2020 Discount</b>	<b>2021 Discount</b>	<b>Target Discount</b>
Child and Youth Swim Lessons – 30 mins <i>(discount compared to adult lesson pricing)</i>	30.6%	30.0%	30.0%
Child and Youth Swim – 45 mins <i>(discount compared to adult lesson pricing)</i>	34.3%	33.7%	30.0%

Adult learn to skate lessons will increase by \$0.29 (3.5%) per 30 minute class while child & preschool lessons will not increase to continue transitioning rate alignment with 30% age based discount for youth. The adult lesson increase is part of a multi-year plan to align skate lesson pricing with aquatics lessons.

Vancouver Aquatic Centre child minding strip tickets are proposed to increase by 7% (\$3.22), to align the discount structure with the other visit pass discounts discussed previously. This change will begin the transition from the current 20% discount price of \$45.92 over 10 individual drop-in fees to a 16% discount price of \$49.14 for 2021, with the eventual goal of providing a 10% discount.

It is proposed that there be no increase to fees for outdoor sport programming established in 2020 as the plan to launch these new programs during 2020 were put on hold due to COVID-19 restrictions.

### **Pool, Arena & Outdoor Sport Rentals**

Rental price structures at arenas and pools have been affected by COVID-19 staffing requirements and facility occupancy restrictions and the rates proposed for 2021 reflect the overall rate changes for various sports and facilities, with rate changes ranging between 0% and 5% increases.

For indoor pool rentals, no increase is proposed, as rental groups must now pay for the full staff costs related to COVID-19 safety plan pool usage restrictions because rental times can no longer share lifeguarding costs with public swim times. Foregoing an increase in the 2021 base rental rates helps ensure these group rentals can continue to provide sport opportunities for clubs, teams and other rental groups and once COVID-19 restrictions are removed rental rates can be adjusted to catch up to the increases foregone for 2021.

Outdoor pool rentals are also proposed to have no increase, in keeping with the lack of increase proposed for indoor pools and reflecting that no rental times were provided during 2020 due to COVID-19 facility usage restrictions.

Similarly, fitness studio & bleacher rentals were impacted by COVID-19 restrictions on participants and spectators, and it is proposed to not increase these fees for 2021 until the current pricing structures can be properly evaluated.

For arena rentals, generally all fees are proposed to increase by 2%, with the exception of Hockey School Fees, with a proposed increase of 5%. This is reflective of these being specialty rentals generally occurring during summer when operating costs are higher, and the additional wear and tear on the ice from this use sometimes necessitates extra time to repair the ice, reducing the ice availability for other rentals.

For field, turf and outdoor court rentals, rates are proposed to increase by 4% as user groups have expressed their willingness to pay for increased service through increase in user fees and a significant investment in expanded service was made in the 2020 budget.

Racquet court fees will increase by an average of 2%.

Details of all proposed recreation prices are included in Appendix A.

## **Regulation Golf Courses and Pitch & Putts**

### ***Overview***

The Park Board operates three regulation golf courses and three pitch & putt courses. Golf related user fees are budgeted to generate revenues of \$8.6 million in 2021, which is used to offset costs in other service areas.

In response to the COVID-19 pandemic, both regulation and pitch & putt courses were closed between March to May. These courses were reopened with capacity limits and COVID-19 safety protocols in place. Although operating in a strained environment, golf capacity limits were maximized during the summer months and performing on par.

### ***Pricing Considerations***

In determining golf rates, staff performed a market scan of other competing courses in the area and an increase of 2% is proposed on all golf fees.

Details of proposed prices are included in Appendix A.

## **Destination Attractions**

### **Overview**

The Park Board operates three unique destination attractions: VanDusen Botanical Garden, Bloedel Conservatory, and Stanley Park Train. For 2021, these attractions are budgeted to generate total of \$1.8 million in revenue with \$1.2 million coming from the VanDusen Botanical Garden through a variety of activities, including garden admissions, special events, and rentals of room and garden spaces, \$0.4 million from the Bloedel Conservatory and \$0.2 million from the Stanley Park Train.

COVID-19 restrictions have significantly impacted these destination attractions. The Train and VanDusen gift shop have closed since March. VanDusen Garden and Bloedel Conservatory were closed a couple of months, but have reopened with capacity restrictions and safety protocols in place. Bright Nights at the Train and Festival of Lights at VanDusen have been approved for reopening during the holidays, but with capacity limits and safety protocols. Rental opportunities have been lost due to group size restrictions as ordered by the province. With restrictions still in place, total revenue budgeted for 2021 is \$1.8 million.

### **Pricing Considerations**

Decisions on admission pricing are primarily based on the recoverability of costs to operate, and an assessment of the value of the visitor experience as the garden, conservatory, and train are unique attractions with limited comparable experiences.

For rentals at VanDusen, further consideration is given to events that restrict general garden access (e.g. events in the garden and lake/pond areas such as weddings or corporate events). Rental discounts for charities and non-profit groups are also provided.

### **Notable 2021 Rate Changes**

#### **VanDusen Botanical Garden**

Propose increase of 2% on general admissions. Senior, youth and child rates will be adjusted in accordance to the Park Board's discount policy, with prices rounded to the nearest \$0.05.

An increase of 2% to 5% is proposed for rentals at VanDusen in order to align with comparable market rates.

Charity/non-profit discounts are transitioning to a target 30% discount by decreasing the discount annually by 0.5%. The 2021 discount rate is set at 33.5%.

#### **Bloedel Conservatory**

An increase of 2% is proposed on general admissions. Seniors, youth, and child admissions are priced in accordance with Park Board discount policy.

#### **Stanley Park Train**

An increase of 2% is proposed on general admissions, adjusted to nearest \$0.25 to reflect market practice. Seniors, youth, and child admissions are priced in accordance with Park Board discount policy.

Stanley Park Train has not been in operation since closure in March as result of COVID. It is re-opening for Bright Nights in December with reduced capacity and safety protocols.

Details of all proposed prices are included in Appendix A

### **Holiday Event Pricing**

As approved during the 2020 Fees & Charges review process, holiday event pricing is no longer part of this process. Prices are to be determined closer to the events, once the information required to set prices becomes available, subject to approval of the General Manager.

### **FINANCIAL IMPLICATIONS**

The revenue increases generated by the proposed fee changes have been incorporated into the 2021 proposed Operating Budget, contributing approximately \$745,000 - \$940,000 in revenues.

### **CONCLUSION**

It is Park Board policy that fees and charges for Park Board services are established on a cost recovery basis for core parks and recreational services, while remaining comparable to other municipalities and private providers. For services considered to be outside of the core service areas, fees and charges are set close to market to enable the Park Board to generate revenues to subsidize costs across other service areas.

The proposed changes for the 2021 Fees and Charges (detailed in Appendix A) are consistent with Park Board policy and consider market and customer impacts, keeping affordability at the forefront of proposed rates. The revenue increases generated by the fee increases proposed in this report have been incorporated into the 2021 Proposed Operating Budget and are expected to contribute between \$745,000 and \$940,000 toward increased costs of providing parks and recreation services for 2021.

# **Vancouver Board of Parks and Recreation**

## **Proposed 2021 Fees & Charges**

### APPENDIX A

[www.vancouverparks.ca](http://www.vancouverparks.ca)

Special Park Board Meeting  
November 30, 2020

**POLICY**

The Park Board's policy on user fees and charges is summarized as follows:

User fees and charges will be levied to recover all or a portion of overall operating costs.

All fees and charges will be adjusted to accommodate changes in the marketplace and in operating and maintenance costs.

The General Manager will have the authority to waive or reduce fees and alter fees for services, promotion purposes and to quickly establish fees for experimental services.

Fees may be revised for people with accessibility issues and their attendants, families, groups, frequent users, low priority times, promotions and marketing strategies.

Each ice rink and indoor pool will include at least four hours of low-cost public sessions each week.

Leisure Access Program (LAP) participants receive free access to public swimming and skating, and reduced fees at participating Park Board operated fitness centres. Reductions are available for Flexipasses, swim lessons and skate lessons as well as for one recreation program per person per season at participating centres.

Unless otherwise specified, fees are defined for age-based and family categories as follows:

Pre-school:	4 years of age and under
Child:	5 to 12 years inclusive
Youth:	13 to 18 years inclusive
Adult:	19 to 64 years inclusive
Seniors:	65 years and up
Family:	1-2 adults of the same household and their children.

Where noted, to encourage family participation, family pricing is available; each person in the family pays the child rate, subject to a two person minimum.

An age-based fee structure will be maintained that provides the following general discounts from adult fees for recreation services:

Youth and Seniors:	30% discount
Children:	50% discount

## Parking

	FEE RATE PROPOSAL (INCLUDING PARKING TAXES)				Historical PoP % Trend
